SELFREFIND AWARDED CARF ACCREDITATION

Danville, KY, March 3, 2016– The Commission on Accreditation of Rehabilitation Facilities (CARF) International has awarded SelfRefind with a one-year accreditation for Outpatient Addiction Treatment Services. CARF International is a nonprofit organization that offers accreditation services and support for health and human services programs. This is SelfRefind’s first accreditation from CARF and comes after an intensive peer review process during which a team of surveyors were on-site to evaluate roughly 1,300 standards of care.

“This Accreditation confirms our commitment to on-going best practices in delivering quality trauma informed, recovery oriented, pharmacotherapy to the communities we serve” – Jamie Durham, President of SelfRefind

SelfRefind is an Outpatient Opioid Treatment Program specializing in trauma informed, recovery-oriented substance use disorder treatment utilizing pharmacotherapy which serves over 3,000 patients in 20 locations throughout Kentucky and Ohio.
